For twelve years he served as circuit court clerk, and he made one of the most efficient in the state. For many years he was a member of the democratic executive committee of his county and to his wise counsel and good management the democratic party of Suwannee county is largely indebted for their present prosperity. In 1896 he was elected senator from the 17th district, which comprises Suwannee county, and discharged the duties of that position with credit to himself and to the satisfaction of his constituents.

Senator Bynum was admitted to the bar several years ago and has been actively engaged in the practice of law eversince. Yet, notwithstanding his public duties, he has always been a farmer. His farm hes one mile from Live Oak and loo acres of it is now planted in cotton, besides the usual number of acres in corn. pindars, oats, etc.

Mr. Bynum is a young man in the prime of life; he is amply qualified to discharge the duties of the office to which he aspires and he has the best wishes of many friends for success.
